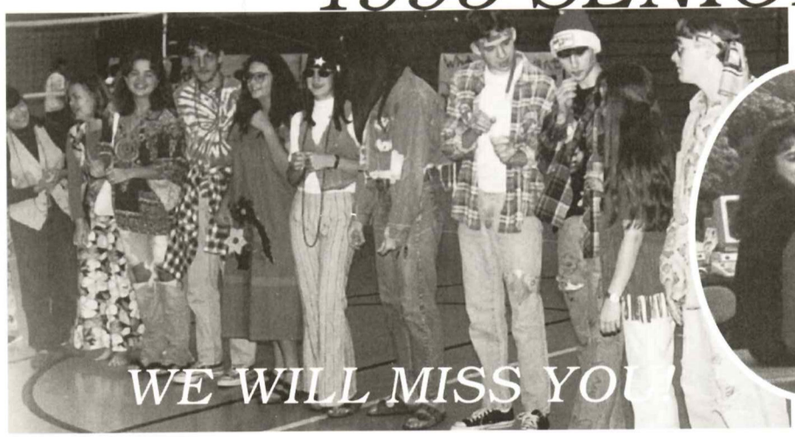
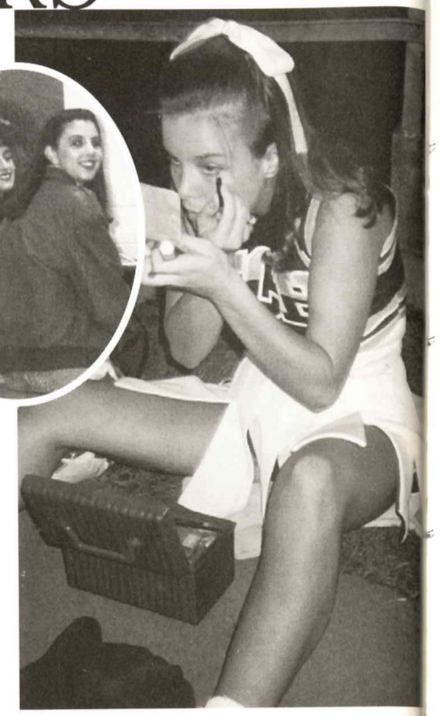
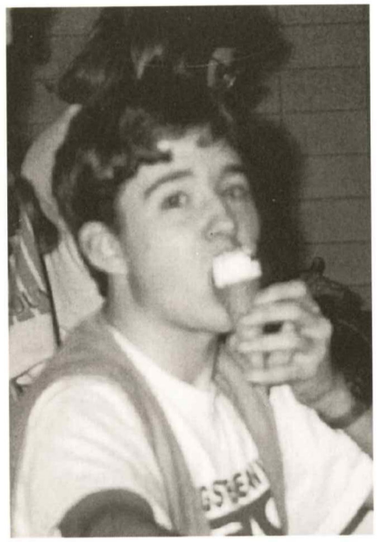
1995 SENIORS







As freshman, we were immature, fighting over what boyfriend to lure. As sophomores, we began to get a little wiser, seeking counseling and using advice. As juniors, it seemed we were farther apart, some dropping out and not doing their part. Others found security with a different face. It now seems like most just needed space. As seniors, most have come back, even though some memories are black. We decide to make this a year. One we should never look back on with fear.

Rediscover history, explore the past at the Old Spanish Fort and Museum

The Mississippi Gulf Coast has lived under eight flags: French, Spanish, English, Republic of West Florida, Magnolia State, Confederate, State of Mississippi, and the United States of America.

Within the walls of the Old Spanish Fort in Pascagoula, part of a French outpost built in 1718, have been collected many artifacts and historical items that represent centuries of the life and traditions of the people of the Gulf Coast.

Now this collection is on display in a modern new museum, built by the **Jackson County Board of Supervisors** and dedicated in 1988. Located next to the Old Spanish Fort, the oldest building in the Mississippi Valley, the museum was designed in an architectural style compatible with the historical fort, that was in actuality a carpenter's shop built on the plantation of French-Canadian Joseph Simon de la Pointe.

The **Jackson County Board of Supervisors** invites you to visit the Fort and Museum and enjoy this fascinating part of our heritage. Open year-round, 10 a.m. to 4 p.m., except on major holidays, admission is $2 for adults and $1 for children. Student tours are available with special rates. For more information, please call (601) 769-1505.

The World Is An Open Book at East Central Public Library

21801 Slider Road in Hurley
588-6263 *(Fax: 588-6268)*

We have a world of books— fiction books, non-fiction books, easy books, picture books, large print books, history books, books of every color, stripe and shape. But we have much more.

With your library card (original issued free), you can also check out videotapes and a slide projector. Through interlibrary loan, you may check out framed art prints, audio cassettes, Polaroid cameras, and computer software.

Thanks to our on-line public access catalog, a computerized listing, updated daily, you can borrow on intralibrary loan any of the nearly 200,000 items in our Jackson-George Regional Library system.

We also have plenty of answers. We have reference collections, access to computerized national data bases, microfiche copies of complete phone books for every major city in the United States, and local and national newspapers on microfilm and microfiche.

And if that isn't enough, we have telefax machines available for public use, paperback book swap shelves, copy machines, Dial-A-Story for children (769-3071), access to talking books, records and machines for handicapped persons, library service to the homebound, and car seat leasing.

Other services include use of our meeting room and a personal computer for public use, and special programs like summer reading for children.

We make every effort to meet your information and communication needs. Our library, one of the fastest growing in the system, has recently been enlarged and renovated. The expansion, funded by the **Jackson County Board of Supervisors** and the State of Mississippi, increased the size of the existing building by almost 60 percent to a total of 7,216 square feet. The expansion provides larger reading areas and more book stacks, additional study carrels, and computer and microfiche work stations.

This facility is proudly supported by the Jackson County Board of Supervisors.
